

REMARKS

Applicants request reconsideration of this application in view of the present Amendment. Claim 12, which was objected to by the Examiner, is rewritten as new claim 20 and original claim 12 is cancelled. Claims 1, 8, 10, and 11, the elements of which are incorporated into new claim 20, are also cancelled. The remaining claims, 2-7, 9, and 13-19 are also cancelled. Of these, claims 2-7, 9 and 13-18 have been rewritten as new claims 21-33. The cancellation of claims 1-11 and 13-19 is not intended to be, nor should such cancellation be construed as, an acquiescence to or agreement with the rejections of those claims in the Office Action of October 1, 2004. Rather, these claims are cancelled in an effort to streamline the allowance of new claim 20 and new dependent claims 21 to 33. Applicants fully intend to reserve the right to further prosecute cancelled claims 1-11 and 13-19 in a continuation application.

Title of the Invention

A new title of the invention is provided above.

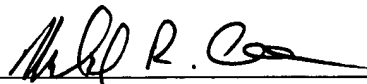

Drawings

A replacement sheet containing Fig. 3 is provided. Reference number 58 now indicates the leading edge of wing 52.

Conclusion

For the reasons discussed above, Applicants respectfully submit that the application is in condition for allowance and allowance is requested.

Respectfully submitted,
